

Introducing World Class Collaboration and Engagement

Delight students and teachers with a redesigned, modern web conferencing experience that makes it easy to keep them engaged in classes and professional development.

With Blackboard Collaborate's new Ultra experience, a fully redesigned, browser based web conferencing solution built for education, schools have a reliable, simple and convenient digital learning platform that enables rich collaboration with engaging, high quality audio and video conferencing.

Follow the Speaker HD Video Conferencing

- › Modern, simple, redesigned experience creating a new way to learn
- › Fast, quick, convenient, one click start up (runs directly in the browser)
- › Fast, sharp application sharing leveraging innovative WebRTC technology
- › Rich, personalized, engaging experience with high definition audio and video
- › Rapid adoption with minimal hand-holding
- › Designed for education, optimized for learning
- › MP4 recordings and playback for mobile friendly flipped classroom
- › LTI LMS integration
- › Native, persona based mobile application for anywhere, anytime learning coming soon*

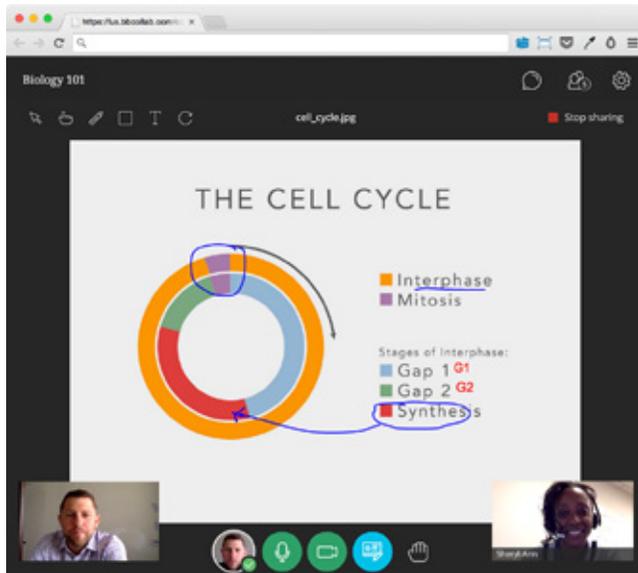

Just saw the most recent version of @Blackboard collaborate, and wow, it looks great.

Ryan Gravette,

Technology Director, Idaho Digital Learning, @IDLGravette
