Face-to-Face Training Materials Package

Blackboard Training Materials License

Blackboard

Overview

The Face-to-Face Training Package provides all the resources you need to quickly and successfully offer a comprehensive in-person training program that prepares faculty to design and teach using Blackboard Learning System™ – CE Enterprise. Materials are professionally developed and carefully sequenced to build on previously learned skills, promoting instructor confidence. These digital materials are also fully customizable to fit the unique needs of your institution.

This package features a complete set of Training Materials for **eight** workshops, each focusing on an important topic or tool. The workshops, each two-to-three hours in length, are designed for course designers and instructors. For each of the workshops in the package, you will receive:

- Participant manual in Microsoft Word™ format that incorporates tips, examples, streamlined instructions, and hands-on activities
- Ready-to-use agendas for participants
- Trainer notes, with a preparation checklist, training tips and strategies, and links to additional resources
- Accompanying Microsoft PowerPoint™ presentations that reinforce the agenda and manual
- Course backup file that can be restored to your institution's server and used as a Practice Course environment
- Resource file with additional handouts and supplementary information for the trainer and participants
