### Overview

The Student Orientation Course provides the resource you need to quickly and successfully offer a comprehensive online training program that prepares students to operate in the Blackboard course environment. The Orientation Course is customizable, professionally developed, and carefully sequenced to provide a path to success for student users. In addition to the Orientation Course, an administrative kit and facilitation guidelines are provided.

This Orientation Course, designed specifically for the student user community, takes approximately 8-10 hours to complete and equips students on the essential skills and knowledge to achieve success as a student in the Blackboard course environment. The course focuses on the Blackboard Learning System™ - CE and Vista Enterprise Licenses technology and courses are available for:

- CE Release 8.0
- CE Release 6.2
- CE Release 6.1
- Vista Release 8.0
- Vista Release 4.2
- Vista Release 4.1

The Student Orientation features:

- A helpful “Start Here” section
- Fully developed content that can be easily customized
- Interactive “Try It” movies
- Review quizzes
- Practice activities
- Additional tips and resources
- A course evaluation

### Student Orientation Course: Curriculum Details

The Student Orientation Course consists of six modules featuring information on how to access and use a variety of online tools, along with practice activities, review quizzes, interactive demos, and tips for student success.

- **Start Here:** Directs students to check their computer settings and learn how to be a successful online student, including how to get the most out of the Student Orientation.
- **Course Content and Navigation:** Introduces course navigation and the tools used to present content.
- **Communication:** Covers Announcement, Discussions, Mail, and Chat.
- **Evaluation:** Contains information on submitting Assignments and taking online tests.
- **Personalization and Organization:** Shows students how to customize My Blackboard, meet their classmates with Roster, use the Calendar to stay organized, and keep track of their progress with My Tools.
- **Helpful Resources:** Provides access to the tool tutorials found in the modules, a quick reference on common tools, and links to additional resources.

### Course Audience

This Orientation Course is designed for student users of the Blackboard Learning System – CE or Vista Enterprise Licenses, as well as new faculty and staff.

### Cost and Product Delivery

The Student Orientation Course pricing is based on the number of seats your institution or organization would need over the duration of one year. You can receive a price quote by emailing [materials@blackboard.com](mailto:materials@blackboard.com). Please include the number of seats you need for one year. Consider the demographic that would require “orientation” each year (i.e. first year students, new employees, etc.).

Once your order is processed, you will typically receive an email within two business days with your download access information for the Orientation Course.

### About the Course

The Student Orientation Course can be reproduced and used for multiple training events at your school, district or organization; however, it may not be accessible to the public or used to train external participants. This product may only be used with the students, staff, and/or faculty at your institution.
