

Blackboard learn+ Community Engagement Administration

Onsite Blackboard Training

Overview

Blackboard Learning System™ - CE Enterprise License provides robust tools to deliver a more customized user experience. In this workshop, participants will learn ways to promote easier collaboration for non-academic groups, represent multiple identities or brands across various campuses, schools, or organizations, deliver targeted role-based information to users, and support multiple organizational units with different needs on a single instance of Blackboard Learn. This workshop focuses on day-to-day administrative tasks; it does not provide instruction for managing the application at the server level.

Workshop Topics

- Administrator Panel Navigation
- System, Course, and Institution Roles
- Institutional Hierarchy Nodes and Administration
- Domain Administration
- Domain Collections
- Brands, Themes, and Color Palettes
- Gateway Settings
- Tab Creation and Management
- Custom Module Creation and Management
- Cloud Management
- Social Learning Tools
- Notification Dashboard
- Organizations and System-wide Discussions
- Edugarage and Behind the Blackboard Resources
- Behind the Blackboard Resources

Who Should Attend

System administrators and support personnel who will be managing and supporting:

- Blackboard Learn™ (Release 9.1)

Duration and Costs

- Workshop is 2 days in length (6 hours of instruction each day)
- \$6,000 USD for up to 15 participants (training consultant travel and expenses are not included in the cost)

For any questions, please email training@blackboard.com or contact your Account Executive.
