

# Cashnet® eBill

Get more from eBill with

## Dynamic Billing

When you combine eBill with Dynamic Billing, your students can view real-time balance updates in their personalized portal — including financial aid. This gives you the advantage to customize displays to reveal preferred information.

## Additional Add-Ons

### 1098-T & 1098-E

Give your students the ability to view and download their tax forms electronically.

## Simplify bill presentment

We work with you to improve service to students and authorized payers by automating bill presentment. Both students and parents can view current and prior bills at their convenience online 24/7.

### Benefits for your staff

Automates bill presentment, delivery and processing on the web.

Eliminates labor and postage costs associated with printing and mailing student bills.

Electronically delivers static bills with details that include new charges and payment history.

Ability to view a bill exactly as a student or payer will.

### Key features for students

- Uses secure, single sign-on compatibility with existing campus portals
- Provides a comprehensive view of all account information, including non-tuition charges
- Offers email and text alert notifications
- Access to complete bill history
