

Cashnet® Payment Plans

Give students more ways to pay

Choose between Full-Service Payment Plans or Payment Plan Software.

Our technology gives you the option to offer flexible tuition plans to help your students manage the growing costs of higher education.

Full-service payment plans

A fully comprehensive cost-savings solution for your school.

Integration

Our platform seamlessly integrates with your existing campus portal.

Cost Savings

We help you save on both administrative and marketing costs.

Administrative Access

You'll receive detailed data and insights, including past-due student account history.

Access to Funds

We provide immediate access to collected funds.

Customized Payment Plans

We help you create plans with specific services such as tuition, housing, and meals.

Payment Options

We make it easy to choose either credit card, ACH, debit card, 529 plans, or campus card.

High Visibility

We increase awareness of your payment plan availability for an increased adoption rate through multiple channels, using materials designed by our campus education team.

A Unique Support Model

We provide support service representatives for the life of your contract. Students will also be given a special customer support number with a dedicated call center to help solve any issues.

Payment Plan Software

A savings solution that allows students or authorized payers to enroll in one or more payment plans. You have the ability to design and manage the plan to meet your administrative needs.
