

Introducing Blackboard Ally

Making course content more accessible

Blackboard Ally is a revolutionary product that focuses on making digital course content more accessible. Using inclusivity, sustainability and automation as its key pillars, Blackboard Ally helps you understand and tackle accessibility in a way that benefits all employees.

Highlights of Blackboard Ally

Close and Seamless Integration

Raise awareness and visibility of accessibility by integrating directly into the Learning Management System and existing workflows.

Accessibility Checklist

Automatically check all course content for accessibility issues against the WCAG 2.0 standard.

Alternative Accessible Formats

Apply advanced machine learning algorithms to provide all learners access to more accessible alternatives such as Semantic HTML, ePub, Audio and Electronic Braille.

Feedback and Guidance

Deliver in-context feedback and guidance to help instructors improve the accessibility of their content and build towards a sustainable change in behavior.

Comprehensive Reporting

Gain deep understanding of your organization's performance through the enterprise-wide course content accessibility report.

Proactive Approach

Proactively tackle accessibility and target all instructors and content to maximize results in a sustainable way.

Benefits All Employees

A unique inclusive approach to accessibility that focuses on improving the quality and usability of course materials for all learners.

Accessibility Spectrum

Move your organization up on the accessibility spectrum through Ally's 3-step approach of automation, instructor engagement and measuring performance.
