**Frequently Asked Questions:**

- ***What time do the classes meet? Do I have to be online at a particular time?***

All classes are asynchronous and do not require access at a particular time of day. Activities may include readings, recordings, hands-on activities, tests, and/or assignments. Participants are encouraged to work through the class throughout the course duration in order to have interaction with other participants. If a synchronous session is scheduled, it will be announced by the instructor and will be optional.

- ***Are the classes self-paced?***

All classes (except the **Self-Paced Introduction to Blackboard course**) are instructor-led. The instructor will be available to answer questions, grade activities, and provide feedback on hands-on assignments. The instructor is only available for the duration of the course. Once the courses ends, the instructor will no longer be available to provide feedback or support.
