- › **Configuration guidance with guides to keep your skills fresh and help you teach others**

The LMS is moving – quickly – beyond its traditional acronym. Are you ready? Today's learners are expecting more from their learning platforms: more flexibility, more personalization, more content, and of course, ease of use.

Blackboard is leading this change by integrating the most proven and scalable technologies and services in Higher Education to bring you fully functional Learning Solutions. These solutions allow you to deliver a learning environment that meets the growing demands of today's, and when you're ready tomorrow's learners.

The Learning Core Solution provides you with these benefits:

- › Course creation, delivery, and management including course assessments, grading, and plagiarism prevention
- › Share, reuse, and find quality learning objects, making it easier to build courses in Blackboard, engage students, and achieve pedagogical goals
- › Meet learner expectations to manage every aspect of their life online, enhancing their student experience and ultimately improving student engagement.
- › Mobile access to courses and organizations, including assignments, grades, notifications and collaboration tools
- › Flexible delivery options, including Software-as-a-Service (SaaS), self-hosted, or Blackboard hosted

In addition to the learning tools, we highly recommend that you take advantage of our Adoption Services. We have the expertise to help you adopt technology in a way that faculty will accept – with a focus on **ease of use, holistic change management, and post deployment training and support.**
