

Quick Steps to Pair Your Connect Course

1. From within your Blackboard Learn course, go to any course content area, locate the Partner Content tab and select Commercial Content.

2. Select the McGraw-Hill icon from the Available Partners carousel and click anywhere on the banner to get started.

Commercial Content

You can associate your course to Partners, who are providers of commercial content. Associate your course to partners by clicking the Associate New Partner button. After you have associated your course to one or more content partners, you can add their content to your course by using the Partner Content drop-down list at the top of any content area, learning module, lesson plan or folder.

Associated Partners

You have not associated your course to any partner content yet.

Available Partners

3. Select McGraw-Hill Connect from the McGraw-Hill Content menu. ¹

McGraw-Hill Content

Below is a list of available McGraw-Hill Applications. Select an application to view the list of the available tools or select the information link to learn about the application.

McGraw-Hill Connect

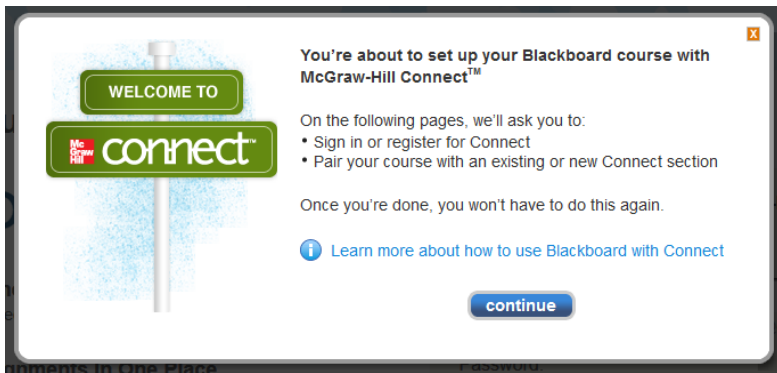

McGraw-Hill Connect is a web-based assignment and assessment platform that helps connect students to their coursework and to success beyond the course.

¹ You may first be presented with a window asking you if you want to launch the McGraw-Hill link. This has been initiated by your Blackboard System Administrator to address privacy concerns. Simply select Launch to continue.

6. Select to pair with a new or existing Connect course.

Pair your course with Connect

Your Blackboard Course

pair with  :

- A section in a **new** Connect course
- A section in an **existing** Connect course

Note: If you choose to pair with a new Connect course, you will be guided through the Connect course creation process.

7. Select the Connect course you would like to pair with your Blackboard course.

Your Blackboard Course

pair with  :

- A section in a **new** Connect course
- A section in an **existing** Connect course

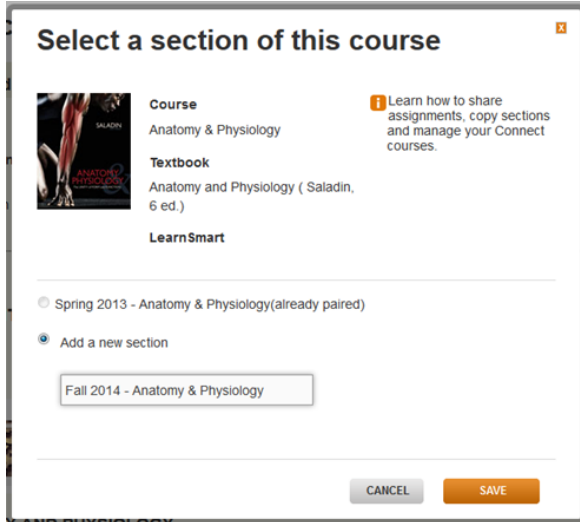

SELECT ONE:

ANATOMY AND PHYSIOLOGY

LearnSmart

 **Anatomy & Physiology**

8. Finally, select the course section you want to pair with your Blackboard course and click Save.

Select a section of this course

Course
Anatomy & Physiology

Textbook
Anatomy and Physiology (Saladin, 6 ed.)

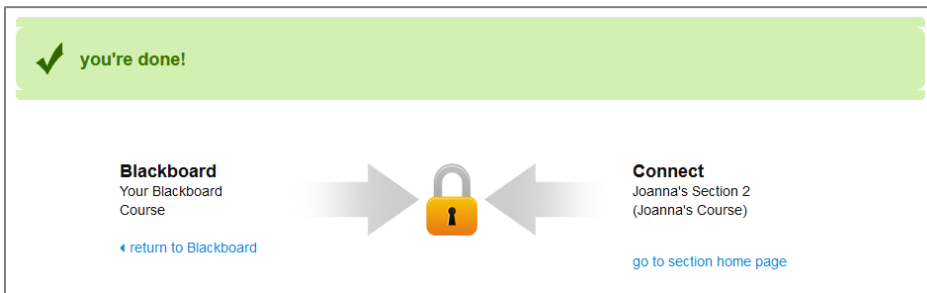

LearnSmart

Spring 2013 - Anatomy & Physiology (already paired)

Add a new section

Fall 2014 - Anatomy & Physiology

Congratulations! You're done. Simply **Return to Blackboard** to begin adding McGraw-Hill Education content directly into your course.
